

## CERTIFICATE No ...

### Declaration on the MOSH and MOAH content of the printing inks

Certificate from the packaging producer

Packaging producer:

Company Name:

Address:

Postcode:

City:

Country:

Administrative identification number:

certifies that paper and cardboard packaging whose references are listed below:

Designation:

Reference:

produced and delivered to:

Company Name:

Address:

Postcode:

City:

Country:

Administrative identification number:

were printed with inks whose the total<sup>1</sup> MOSH<sup>2</sup> and MOAH<sup>2</sup> content is below 1% applied to the ink weight, in accordance with the threshold of the Citeo's penalty on printing inks used on paper and cardboard packaging.

<sup>1</sup> MOSH and MOAH from all ink ingredients derived from petroleum.

<sup>2</sup> Mineral oils are complex hydrocarbon substances (composed of hydrogen and carbon molecules) produced by the refining of crude oils. They contain MOSH (Mineral Oil Saturated Hydrocarbons) and MOAH (Mineral Oil Aromatic Hydrocarbons). MOSH are composed of linear, branched and / or cyclic carbon chains, and MOAH of aromatic compounds.
